1. Introduction

1.1 Background to the College

Jigme Namgyel Engineering College (JNEC), formerly known as the Royal Bhutan Polytechnic (RBPoly), is one of the constituent colleges of the Royal University of Bhutan. The College is situated at around 900m above the mean sea level on the west end of Dewathang town, 18 kilometers away from Samdrup Jongkhar town, second gateway to Bhutan from Assam in India.

The College started with the infrastructure development works in 1972, coinciding with the 3rd Five Year Development Plan of the country and the enrolment of students for the Diploma level programmes in engineering started from 22nd February 1974. At the initial stage of its development, the College offered Diploma programmes in Civil and Electrical Engineering. The Diploma programme in Mechanical Engineering was introduced in 1988. The College also offered certificate in Surveying from 1974 to 1978 and 1986 to 1990 in addition to Certificate in Draughtsman from 1986 to 1990. The enrolment into certificate level programme was discontinued from 1988. JNEC was the only tertiary level institute providing education in engineering till 2001 with the mandate to meet the engineering manpower requirement of the country.

In April 2000, the then Royal Bhutan Polytechnic was temporarily shifted to Rinchending, Phuentsholing due to security reasons in south eastern part of the country and continued to offer Diploma in Civil, Electrical and Mechanical Engineering programmes from the then Royal Technical Institute, Rinchending campus. While at Rinchending campus, two programmes at the Bachelor's level (Bachelor of Engineering in Civil Engineering and Bachelor of Engineering in Electrical Engineering) were introduced in August 2001 and the institute was re-named as Royal Bhutan Institute of Technology (RBIT), the present College of Science and Technology (CST). With the establishment of the Royal University of Bhutan in June 2, 2003, JNEC (the then RBIT) became one of the constituent colleges of the Royal University of Bhutan (RUB).

In June 2006, the Diploma programmes offered at RBIT were relocated to its original campus in Dewathang. In August 2006, the College was renamed as **Jigme Namgyel Polytechnic (JNP)**. The

name of the College “Jigme Namgyel Polytechnic” and its location in Dewathang has deep roots with the history of Bhutan.

From July 2006, the Diploma programmes were reviewed and the duration of the programmes were reduced from three years to two and half years with increased entry level from Class X pass to Class XII pass science students. In 2012, the Diploma programmes were again reviewed and the duration of the programmes were reduced from two and half years to two years as per the RUB regulations.

To keep pace with the infrastructural development activities in the country and to meet the increasing demand for technical graduates, the enrolment of students in all the programmes were increased by almost 100 percent from 2006 to 2011. Further, new programmes were developed on priority basis based on the need of the country and therefore, five new programmes were introduced from 2010 to 2015 including the first Bachelor’s degree programme in Dewathang campus. Accordingly, on 27th October 2015, the name of the college was changed to Jigme Namgyel Engineering College (JNEC) with the inauguration of the Bachelor of Engineering in Power Engineering.

The College aspires to become the centre of excellence in providing Diploma level programmes in Engineering, Technology and Management, selected applied Bachelor level programmes, continuing education programmes, material testing and certification, research, consultancy and community services through various modes of delivery including distance education.

Currently, JNEC offers ten programmes, seven at Diploma level and three Bachelor’s level. The College will launch Diploma in Multimedia and Animation in July 2024 and continue to develop and offer several new programmes within the next few years based on the need of the country as well as in consultation with the esteemed stakeholders.

The programmes offered at JNEC are targeted to meet the engineering manpower requirement of the country, including the country’s infrastructure development activities. College is accredited Grade A (Very Good) by Bhutan Accreditation council in 2018.

In line with the growth in the country's GDP and the living standard of people, there would be increased demand for better infrastructure facilities and resources. The graduates of JNEC will have to respond to such demands. Therefore, the programmes at JNEC are targeted towards assisting the developmental activities as well as enhance the employability scope of Bhutanese youths.

1.2 College Vision, Mission, Core Values & key Aspiration

Vision

A premier Institute of applied engineering, management and technology towards developing highly competent and innovative technical personnel infused with the values of Gross National Happiness.

Mission

- 1) To provide quality education, driven by GNH values, in the field of applied engineering, management and technology that are current and beneficial to individuals, employers and the nation;
- 2) To provide resourceful services through professional development training, consultancy and expert services;
- 3) To conduct research & innovation in relevant areas; and
- 4) To develop active linkages with organizations and academic institutions both within and outside the country.

Core Values

CREATE

- i) Commitment
- ii) Responsiveness
- iii) Excellence
- iv) Accountability
- v) Teamwork
- vi) Ethics

Key Aspiration

- i) JNEC as the most preferred destination for Bhutanese and international students for applied engineering and management studies.

- ii) JNEC graduates recognized by job markets and universities both within and outside the country.
- iii) JNEC recognized for applied and specialized programmes.
- iv) JNEC as a resource for the community and the nation with research centers that caters to the need of the vibrant society.
- v) JNEC as a model higher education institute where programmes are infused with the values of GNH.
- vi) JNEC campus with state-of-the-art facilities and comprehensive student support services.
- vii) JNEC with enabling work culture and values and motivated staff.
- viii) JNEC with strong culture for entrepreneurship and graduates inspired to be entrepreneurs.

1.3 College Management Structure

The college management consists of the following Units.

1. Administration and Finance unit
2. Department of Civil Engineering and Surveying
3. Department of Electrical Engineering
4. Department of Electronics & Communication Engineering
5. Department of Mechanical Engineering
6. Department of Information Technology
7. Department of Humanities & Management

The college is headed by the President with three Deans and the Administrative and Finance unit directly under him.

The three Deans are:

1. Dean of Academic Affairs (DAA)
2. Dean of Student Affairs (DSA)
3. Dean of Research and Industrial Linkages (DRIL)

Dean of Academic Affairs (DAA)

The Dean of Academic Affairs looks after all the affairs related to Academic and HR issues in the following functional units:

1. Department of Civil Engineering and Surveying
2. Department of Electrical Engineering

3. Department of Electronics & Communication Engineering
4. Department of Mechanical Engineering
5. Department of Information Technology
6. Department of Humanities and Management
7. Examination and Student Record Division

The Dean of Academic affairs is also responsible for:

1. Overall planning of academic spaces and classes.
2. Overall Coordination and planning of faculty and staff in the departments
3. Coordination and conduct of Semester Examination, Programme Board of Examiners' meetings, College Academic Committee meetings and Students Consultative meetings.
4. Overall coordination and introduction of new programmes.

Dean of Student Affairs (DSA)

The Dean of Student Affairs looks after all the affairs related to other student activities. All the student activities are looked after by the Student Affairs Team (SAT). The SAT consists of the following officials:

1. Dean of Student Affairs
2. Student Service Officers
3. Mess Manager
4. Cultural & Literary Coordinator
5. Club Advisors
6. Student Leaders

The Dean of Student Affairs is responsible for:

1. Admission & Registration of students
2. Food & Accommodation
3. Games, Sports & Recreation
4. Happiness & Wellbeing Center Activities
5. Student Disciplines
6. Students' Leave
7. Co-curricular Activities
8. Student Support Services

Dean of Research & Industrial Linkages (DRIL)

The Dean of Research and Industrial Linkages looks after the affairs related to all research activities in college and any issues related with external industry and organizations.

Also, the DRIL is responsible for:

1. Overall coordination and planning of all the Research activities
2. Overall coordination and planning of students' industrial tours and On-the-Job Trainings.
3. Overall planning and coordination of student career counseling and placement.
4. Establishing external linkages with other colleges/colleges within the country and outside.
5. Establishing external linkages with industry and organization within the country and outside.
6. Planning outreach activities.

2. Student Admission and Enrolment

2.1 Minimum Entrance Requirements of the University.

The University has general minimum entrance requirements specified by level of programme.

- 2.1.1 Applicants should have passed Bhutan Higher Secondary Education Certificate (BHSEC) or equivalent.
- 2.1.2 Applicants who have not studied Dzongkha in class XII should have passed it in class X. A proficiency test in Dzongkha will determine the eligibility of Bhutanese applicants who have not studied Dzongkha in either class X or XII. The test shall be administered by the Registry, RUB. Marks secured in the proficiency test/class X will be scaled down to 40% and applied for merit ranking.
- 2.1.3 Applicants without English scores in their class XII transcripts shall produce a certificate of International English Language Testing System (IELTS) with an overall band score of 5.5 or an equivalent test and score. Alternatively, Colleges may administer a proficiency test to assess English language competence. Marks secured in the proficiency test will be scaled down to 40% and applied for merit ranking.
- 2.1.4 Applicants shall meet the specific entrance requirements set out in the respective Definitive Programme Documents.

Verification of Application

- 2.1.5 Applicants must provide accurate information to assist admission into the University's programmes. Applicants shall submit academic transcript(s) and relevant documents for verification by the University to confirm eligibility.
- 2.1.6 Verification of applicants' details shall be the prerogative of the University. Where found inaccurate or false, the University reserves the right to cancel the admission.

Selection of students

- 2.1.7 The University is responsible for selecting students for admission to its programmes.
- 2.1.8 A central selection system will be administered for under graduate programmes (Diploma/Degree). Prospective

applicants shall apply online through the central selection system.

2.1.9 The central selection system is designed to:

2.1.9.1 Allow students to choose a programme from programmes available within the University upon meeting the entrance requirements;

2.1.9.2 Take account of students' different aptitudes for different programmes; and

2.1.9.3 Take account of the University's general entrance requirements and programme specific entrance requirements.

2.1.9.4 Students may be admitted into programmes differently based on the nature of the programme or specific requirements of the programme.

2.1.10 Colleges shall admit self-finance students on merit basis upon fulfilment of the eligibility criteria if slots are available after the first round of selection.

Programme Change

2.1.11 Change in programmes within and across Colleges shall be permitted for both government scholarship and self-financed students.

2.1.12 Students selected on government scholarship shall forfeit the scholarship by converting to self-financed status once a change is made.

2.1.13 Change in programmes shall be merit based, and subject to the following conditions:

2.1.13.1 Fulfilment of programme eligibility criteria;

2.1.13.2 Availability of unfilled slots; and

2.1.13.3 Changes can be sought only once under each of the categories

2.1.14 Change shall be permitted under the following categories:

2.1.14.1 After the central selection is complete and before enrolling into a programme;

2.1.14.2 Within a week after enrolling into a programme in the same College;

2.1.14.3 Students who are not able to cope with the demands of a programme (failed the semester/programme, or discontinued the study on medical grounds), or are interested in pursuing another programme shall be allowed

to change programmes or colleges during subsequent admissions for the following year.

Dishonoring Admission

2.1.15 Students who have dishonored admission in the past can re-apply as self-financed students in subsequent admissions for the following year based on merit and subject to the following conditions:

2.1.16 Fulfilment of the programme eligibility criteria; and

2.1.17 Availability of unfilled slots in the programme.

2.1.18 Students who dishonor admission for the second time shall not be eligible for admission.

For some selected programmes, Colleges may conduct programme specific admission as approved by the Academic Board.

Students on scholarship may register and enroll for a second RUB award as long as the programme is at a different level.

Lateral Entry

Applicants may be admitted to a later stage of a programme where they have demonstrably reached the same general standard of educational development achieved through the earlier years of the programme. The process of validating the eligibility of such applicants and permitted credit transfer shall conform to regulation B9 Accreditation of Prior Learning in The Wheel of Academic Law.

Enrolment

Students shall be formally enrolled into programmes leading to an award of the University by the respective Colleges with the formal responsibility for offering that programme. To enroll in the University, students must produce the following:

2.1.19 Citizenship Identity card; and

2.1.20 Originals of certificates based on requirements of the programme.

Responsibility of Applicants

In order to conduct the admission process in a fair and efficient manner, applicants shall:

2.1.21 Apply online through the University's central selection system within the announced schedule for undergraduate

programmes, or apply to respective Colleges for other programmes;

2.1.22 Provide all academic transcripts and relevant documents in an accurate and timely manner; and

2.1.23 Participate in assessment activities to fulfil the eligibility criteria where applicable.

Period of Registration

2.1.24 On academic grounds the University will not allow a student to remain on a fulltime programme for more than two years longer than the normal expected duration of that programme. An additional year is permitted for extenuating circumstances. Extenuating circumstances shall be validated by the respective Colleges. (Refer B10 The Wheel of Academic Law for definition of extenuating circumstances).

2.1.25 The University shall administer Government guidelines on the period for which a student is eligible for Government support and funding.

2.1.26 Student selected for University programmes will be allowed to defer enrolment into the selected programme due to extenuating circumstances. The student must complete the programme within the period of registration inclusive of the deferred period.

Deferral of a Programme

2.1.27 A programme may be deferred to the next academic year if the number of students admitted into a programme is not economically viable as determined by the College. Should this happen, students shall be allowed to opt for another programme subject to the following conditions:

2.1.27.1 Intake will be over and above the validated student number;

2.1.27.2 Fulfillment of the programme eligibility criteria; and

2.1.27.3 Same funding modality will be retained.

Transfer of students

2.1.28 Within the University, students shall be allowed to relocate to another college with transfer of accumulated credits from the

current college based on a valid justification, subject to the following conditions:

- 2.1.28.1 Should not have been expelled from the college due to disciplinary issues;
 - 2.1.28.2 Should enroll for the same programme and level of award;
 - 2.1.28.3 Upon confirmation of acceptance from the other college; and
 - 2.1.28.4 Complete the programme within the specified period of registration.
- 2.1.29 The University shall allow admission of students from other institutions with transfer of accumulated credits from the previous institution subject to meeting conditions of the University's Admission Policy and provisions in regulation B9 Accreditation of Prior Learning in The Wheel of Academic Law.

Applicants with Disabilities

- 2.1.30 The University shall endeavor to encourage applicants with disabilities, subject to resources available. Colleges shall seek to make the necessary resources available to facilitate successful completion of programmes where possible. Where necessary and if available, applicant(s) may be offered a suitable alternative programme based on an assessment of the disability by the College Admission Committee and, subject to the following conditions:
- 2.1.30.1 Fulfillment of programme eligibility criteria;
 - 2.1.30.2 Enroll over and above the validated number;
 - 2.1.30.3 Complete within the period of registration; and
- 2.1.31 In the event, a candidate cannot meet the learning outcomes of a module(s) the College shall seek to make alternative arrangements where possible.

Funding Modality

- 2.1.32 There shall be the following two categories of students at the University:
- 2.1.32.1 Government Scholarship: Students whose tuition fee and stipend are borne by the Royal Government of Bhutan (RGoB) for the duration of the programme stated in the

Definitive Programme Document. These students must fulfill the requirements set out by the Government.

- 2.1.32.2 Self-Financed: Students who bear their own tuition fee and living expenses for the duration of the programme as stated in the Definitive Programme Document.

Refund Policy

Colleges shall refund the tuition fee to self-financed students in case of withdrawal from the College in consistence with the guidelines outlined in the RUB Fee and Refund Policy.

Disqualification and Appeals

2.1.33 Disqualification

- 2.1.33.1 A candidate shall be disqualified from an RUB programme based on the following conditions:
- 2.1.33.2 Has confirmed admission into a programme and has dishonored the admission for the second time; and
- 2.1.33.3 Was terminated for violation of University or College rules and regulations.

2.1.34 Appeal

An appeal is a formal written request on the outcomes of admission submitted by an applicant. Appeals shall be considered only where there is evidence that the University's Admission Policy has been breached. However, the University shall not accept appeals based on the errors made by external agencies or individuals.

- 2.1.34.1 All appeals related to undergraduate admission must be submitted to the Student Service Officer (SSO), Registry Department, Office of the Vice Chancellor, within 10 working days after the admission decision has been taken.
- 2.1.34.2 Appeals shall be reviewed by the University Admission Committee.

2.1.35 All other Admissions

- 2.1.35.1 All appeals related to admission conducted at the respective Colleges must be submitted to the Chair of the College Admission Committee within 10 working days after the admission decision has been taken.

Self-funding students have to pay the fees within one week of registration date.

4. Laboratory Facilities

4.1 Department of Civil Engineering & Surveying

The Department of Civil Engineering & Surveying has the following laboratories and workshops:

- 1) Surveying Laboratory
- 2) Photogrammetry & Remote Sensing Laboratory
- 3) GIS Laboratory
- 4) Soil Mechanics Laboratory
- 5) Plumbing Workshop
- 6) Highway Engineering Laboratory
- 7) Engineering Mechanics Laboratory
- 8) Building Materials & Construction Laboratory
- 9) Environmental Engineering Laboratory
- 10) Fluid Mechanics Laboratory
- 11) General Computer Laboratory
- 12) Computer Aided Mapping Laboratory
- 13) Carpentry workshop
- 14) Learning Resource Center

4.2 Department of Electrical and Electronics Engineering

The Department of Electrical Engineering has the following laboratory.

- 1) Electrical Machine Laboratory
- 2) Electrical Workshop Practice
- 3) Electrical Measurement and Instrumentation Laboratory
- 4) Power Electronics Laboratory
- 5) Power Systems Laboratory
- 6) Control Systems Laboratory
- 7) Power System Protection & Switchgear Laboratory
- 8) Lighting and Energy Efficiency Studies-Research Center of Excellence
- 9) Computer Laboratory
- 10) Communication Laboratory

- 11) Electronics Laboratory
- 12) Microprocessor Laboratory
- 13) Instrumentation & Automation Laboratory
- 14) Programming Laboratory
- 15) Learning Resource Center

4.3 Department of Mechanical Engineering

The Department of Mechanical engineering has the following labs and workshops

- 1) Machine Shop
- 2) Fitting Workshop
- 3) Sheet Metal Workshop
- 4) Welding Workshop
- 5) Automobile Workshop
- 6) CAD/CAM Laboratory
- 7) FAB Laboratory
- 8) Computer Laboratory
- 9) Learning Resource Center

4.4 Department of Information Technology

The Department of Information Technology is housed in IT cum Library building. It has fully furnished classrooms and faculty offices. The department has following Laboratories.

- 1) Computer Laboratories
- 2) Server Room
- 3) Hardware Laboratory
- 4) Networking Laboratory
- 5) Audio Visual room

The actions taken against the defaulter may range from counseling, to taking statements, written warning, suspension and even

termination as mentioned in the Student Code of Conduct 2022.

6. Academic Rules and Regulations

6.1 Assessment Regulations

The College adopts both Continuous Assessment (CA) and Semester End Examination (SEE) to assess the performance of students.

6.1.1 Continuous Assessment (CA)

CA is assessed on the basis of phase tests, class tests, quizzes, assignments, case studies, mini projects, as appropriate for the module. The phase test is conducted during the eighth (8th) week after the commencement of the semester. Class tests, quizzes, assignments, case studies are distributed evenly throughout the semester and assessed accordingly.

The CA of the students in the Laboratory/Workshop is assessed on the basis of their performance in the laboratory / workshop, written reports submitted against each experiment / laboratory works/ job performed and practical tests / viva-voce or both as appropriate.

6.1.1.1 Distribution of CA marks

The distribution of CA marks for different component of assessment is as per the modules descriptor.

6.1.1.2 Make-up Test

A Make-up test is a test conducted for those students who are not able to attend the phase test. Students may be allowed to sit for the make-up test under any of the following circumstances:

- (a) If a student is hospitalized and/or advised bed rest by a authorized medical officer, during the time of the test,
- (b) In the event when a student is away from the college during the time of the test to attend the funeral of his / her parents, brother or sister.
- (c) If a student is on official duty during the time of the test and when the absence is inevitable.

However, in all such cases, the concerned student has to produce authentic documents to the Dean Academic Affairs (DAA) through the Head of the respective department. A student may be allowed to sit for the make-up test subject to approval from the DAA.

Student(s) should have informed the Dean Student Affairs (DSA)

and sought approval for leave prior to leaving the College to attend any out of station works.

Based on the evidence presented by the student, the DAA shall grant permission for the make-up test if the reason of absence is felt genuine. Otherwise, that component of the test will be marked 0(Zero).

Following points are to be noted:

- i. Students appearing for the make-up test on the above ground shall be awarded the actual marks that s/he has secured.
- ii. Syllabus for the make-up test shall be the whole syllabus covered till the date scheduled for the make-up test.
- iii. Respective module tutors, in consultations with the Programme Leader of the respective programme and Examination and Students Record officer (ESRO) shall organize and conduct the make-up test and submit the marks to the Examination Cell.

Note: The CA marks shall be made available to students **seven days** before the scheduled date of start of the SEE.

6.1.2 Semester End Examination (SEE)

The SEEs are conducted internally. The respective module tutors are mandated to prepare the SEE question papers which will be moderated by a moderation panel. The HoDs shall constitute and appoint the moderation and re-evaluation panel.

6.1.3 Eligibility to Appear in the SEEs

To be eligible to sit for the SEEs a student must have:

A minimum of 90% attendance in each module during the semester. (80% attendance in case of students who are allowed medical/ official/extra ordinary leave).

If any student's attendance falls below 90% in any module(s), he/she will not be eligible to appear in the SEEs of that module(s). The concerned student will be treated failed in the module(s) where the attendance is less than 90% or 80% (in case of students who are allowed medical/ official/extra ordinary leave) and have to repeat the module(s) with compulsory attendance.

Note:

The respective module tutor shall submit the names of all those student(s) who are not able to secure 40% marks in CA or do not

have class attendance more than 90% in any module(s) to the DAA through the respective Head of department **5 (five) days** before the scheduled time of start of the SEEs.

6.2 Promotion / Progression Criteria

The Programme Board of Examiners of respective department makes decisions on the assessment and promotion of each student and report to the College Academic Committee for final endorsement and declaration of the result. A student failing in not more than two (2) modules shall qualify for promotion to next higher semester. However, the student has to repeat the failed module(s) whenever the module(s) are offered next and a **student may not register for more than 2 repeat modules in addition to the modules prescribed for the semester.**

6.3 Assessment of a Module and Progression

- (a) To pass a module a student must obtain a minimum of 50% overall marks including both the CA and SEEs. However, students must obtain a minimum of 40% marks each in CA and SEEs in each module.
- (b) A student will be awarded a mark of zero for non-submission of a component of course work.
 - (a) A student who has been absent from the examination or who has performed badly due to illness or other cause acceptable to the Programme Board of Examiners shall be allowed to take the examination and it shall be treated as a first assessment. The examination will be conducted during re-assessment time.

6.4 Re-assessment and Repeat of a module

6.1.3.1 Reassessment is permitted to allow a student to make good an initial failure.

6.1.3.2 A student may be re-assessed in a failed module(s) provided that he or she:

- has not failed in more than 30% of the total number of modules prescribed for that semester (rounded off to the nearest whole number).
- shall not be re-assessed in a module more than once.

6.1.3.3 Re-assessments should take place before, or at the

commencement of the next semester.

6.1.3.4 A student who is re-assessed for a module failure, where there are no clear extenuating circumstances, shall be awarded no more than 50% marks on passing the re- assessment, this being the minimum pass marks.

6.1.3.5 A student shall be eligible to repeat failed module(s) where he or she:

- has failed in the re-assessment of module(s). In such an event, the student shall meet all assessment requirements of those modules. For students under this category, attendance in lectures is not mandatory.
- has failed more than 30% of the total number of modules prescribed for that semester (rounded off to the nearest whole number of modules). In such an event the student shall meet all teaching, learning and assessment requirements of the failed modules. For students under this category, attendance in lectures is mandatory.

6.1.3.6 A student will be given the opportunity to repeat a failed module when it is offered at the first available instance.

6.1.3.7 Where a module is repeated the mark obtained will replace the mark achieved at earlier attempts.

6.1.3.8 A student may repeat a failed module any number of times within the normal registration period for completing an award. In the event a student fails a repeated module, he/she will not be eligible for reassessment.

6.1.3.9 Any students who have to repeat a module(s) have to pay the tuition fees for each module being repeated.

6.1.3.10 The normal / prescribed duration of course at JNEC is 2 years for Diploma programme.

6.1.3.11 Any student(s) who fail to complete the course within the normal / prescribed duration have to repeat the course as a self-financed student. Such candidate(s) has to bear the tuition fee and stipend.

6.1.3.12 The maximum period of registration for both full-time and part-time students will not exceed more than two years beyond the normal duration of the programme.

6.1.3.13 Over and above the 2 years of extended period of

registration on academic grounds, students may be granted an additional year for extenuating circumstances subject to acceptance of the extenuating circumstances by the Programme Board of Examiners.

6.1.3.14 Any student(s) not able to complete the course within the maximum period of registration has to withdraw from the programme and will not be eligible for the award of diploma.

6.1.3.15 Students who fail in On-the-Job Training or Project Work shall repeat the same at their own expense. They have to make arrangements for accommodation and food.

6.1.3.16 Any student failing to register to repeat the failed module will be treated failed in that module and losses one opportunity to repeat the module.

6.5 Re-Check of Module

- a) Students can request for recheck of their semester end examination answer scripts. The recheck will ensure that all sections of a student's responses are marked and that all marks are accounted for in the total. An administrative fee of Nu 200 per module will be levied. The fee will be reimbursed in the event of an error resulting in change in the marks of a student.
- b) Students can request for re-evaluation of their semester end examination answer scripts. The re-evaluation will be done by a second marker. The average of the two markers marks will be taken as the final score. An administrative fee of Nu. 500 per module (non-refundable) will be levied."
- c) As per the decision of College Academic Committee, students applying for recheck must appeal within 15 days after the declaration of end examination result. Further delay appeal will not be entertained under any circumstances

6.6 Academic Dishonesty [D4, WAL]

The maintenance of fair and honest conduct is an essential part of any assessment system. The University views any form of academic dishonesty as a serious offence and will deal with it accordingly.

Academic dishonesty may be defined as any attempt by a student to gain an unfair advantage in any assessment. It may be demonstrated by one of the following:

Collusion: the representation of a piece of unauthorized group

work as the work of a single candidate.

- (a) **Commissioning:** submitting an assignment done by another person as the student's own work.
- (b) **Duplication:** the inclusion in coursework of material identical or substantially similar to material which has already been submitted for any other assessment within the University.
- (c) **False declaration:** making a false declaration in order to receive special consideration by an Examination Board or to obtain extensions to deadlines or exemption from work.
- (d) **Falsification of data:** presentation of data in laboratory reports, projects, etc., based on work purported to have been carried out by the student, which have been invented, altered or copied by the student.
- (e) **Plagiarism:** the unacknowledged use of another's works as if it were one's own.

Examples are:

- 1. verbatim copying of another's work without acknowledgement
- 2. paraphrasing of another's work by simply changing a few words or altering the order of presentation, without acknowledgement
- 3. ideas or intellectual data in any form presented as one's own without acknowledging the source(s)
- 4. making significant use of unattributed digital images such as graphs, tables, photographs, etc. taken from test books, articles, films, plays, handouts, internet, or any other source, whether published or unpublished
- 5. submission of a piece of work which has previously been assessed for a different award or module or at a different institution as if it were new work
- 6. use of any material without prior permission of copyright from appropriate authority or owner of the materials used

6.6.1 Penalties for Academic Dishonesty

- a) A candidate found to be in breach of examination regulations shall have all registered written examinations of that semester declared void i.e. declared failed by receiving zero in all examinations. This shall also apply to examinations for reassessment. *(This paragraph should be*

read in conjunction with paragraph 6 under Section C1 of the Wheel of Academic Law).

- b) Candidates found in breach of examination regulations during a reassessment examination will have all the reassessment examinations declared void and awarded a zero in all the reassessment examinations.

Additional regulations will remain valid as per WAL uploaded in the RUB webpage.

Note:

The re-assessment is normally conducted one week prior to the commencement of the new semester.

6.7 Final Results and Award

6.7.1 The overall mark at the end of each semester is the mark awarded for each module in that semester weighted by the proportional size (or credit value) of that module.

The final mark should be combination of the overall mark of all the years weighted in the following manner:

Duration of programme (in year)	Weightings (%) taken from every year of the programme				
	1	2	3	4	5
1	100				
2	70	30			
	40	60			
3	20	30	50		
4	10	20	30	40	
5	10	10	20	20	40

6.7.2 Judgment of performance will be made in the following scales:

- a) 80% and above - An outstanding performance.
- b) 70 - 79.9% - Very good performance.
- c) 60 - 69.9% - Good performance.
- d) 50 – 59.9% - Satisfactory performance.
- e) 49.9 % and below – Fail

6.7.3 Eligibility for the award of position.

- a) Only students who have passed all the modules in the first attempt are eligible for first and second position.
- b) Any student who had taken re-assessment or had to repeat module(s) or semester will be eligible to compete from third position onwards.

6.8 Dos and Don'ts during the Examination

1. All Students/Candidates should be present at the vicinity of the examination hall thirty minutes before the scheduled time of the commencement of examination.
2. Students/Candidates should enter the examination hall only after the invigilators have entered.
3. Students/Candidates should occupy their own allocated seats. Any change of the seats without the permission from the Chief Invigilator will result in the expulsion of the candidate from the examination.
4. Students/Candidates must reach the examination hall in the prescribed time. Anyone coming later than 20 minutes without any valid reasons will not be permitted to appear in the Particular Examination. Should there be any genuine reasons; such students/candidate will require to bring the approval from the DAA / President. However, loss of time in the process of obtaining the written approval will not be entertained.
5. Students/Candidates are not allowed to take any paper(s) other than their identity cum permission card/college card into the examination hall except in the Open book examination. Students/Candidates found carrying any restricted materials shall be detained for further query.
6. All students/candidates should ensure that they bring their own pen, pencil, scale, ink, eraser, calculator, instrument box, etc. that would be required for the specific examination. Borrowing of any such materials from their colleagues will not be permitted during the examination time. Any attempt to borrow such materials from the colleagues may result in expulsion of the students/candidates from the examination hall.

7. They will not be allowed to even request the invigilators to borrow such materials from another examinee.
8. Students/Candidates should ensure that the approved support materials such as calculator, log tables, data sheets, instruments box should be free from any additional information or writings.
9. Students/Candidates should use only blue / black ink pen/ ball pen for writing answers and filling up the information on the cover page of the answer book. Writing answers by pencil is not permitted in the examination / tests except for drawing figures or graphs.
10. Programmable or text storing calculators are not permitted in the examination hall.
11. Students/Candidates are not permitted to bring mobile phones or any other electronics equipment, other than a standard scientific calculator, into the examination hall. If such restricted items are found by the invigilators during checking, the same will be seized and handed over to the Examination center for further investigation and action.
12. Students/Candidates should complete the entries of their Examination particulars such as Student number, discipline of study, module name and date of examination on the cover page of the answer book before they start writing the examination. No one is allowed to write his or her name anywhere on the answer book. Answer books without student number and invigilators signature will be disqualified and will not be evaluated.
13. Students/Candidates are required to check their answer books before they start writing on it. If any page or pages are found to be torn or not in writing condition, the matter must be reported to the invigilators for replacement. Every student/candidate is required to write his / her student number on their question papers also.
14. All Supplementary answer sheets, if any used, must contain the individual's student number, dated

signature of the invigilators and must be serially arranged and tied or stapled.

15. Students/Candidates will be discouraged to go for needs of any kind during the examination. In case of urgency, they may be allowed to go one at a time. However, they may be checked for the possession of any restricted materials any time.
16. Students/Candidates should be allowed to leave the examination hall only after two third of the examination time has been completed. They are required to submit their answer script to any of the invigilators before leaving the examination hall. If any student(s)/candidate(s) leaves the examination hall without submitting the answer scripts, s/he will be awarded ZERO marks and declared failed in that module.
17. Students/Candidates are advised not to adopt any unfair means (UFM) during examination. If any candidate is found using any sort of unfair means or found in possession of any materials that could be used as unfair means in the examination, the invigilator shall cease the answer book along with the materials used for unfair means and report the case immediately to Examination cell with a written report for final verification by the Authority and action by the PBE. The students/candidate may be given a fresh answer sheet to continue writing his / her examination.
18. Any students/candidates failing to report to the examination without prior information and approval will be awarded ZERO marks and the candidate will be treated failed in that module. However, s/he will be eligible to appear in the re-assessment. Only the minimum marks required to pass the module will be considered and not the actual marks obtained in the re-assessment.
19. Similarly, if any student/candidate fails to report for the re-assessment, such students/candidates will be declared failed in that module. Such students(s)/candidate(s) may be permitted to repeat

the module provided the maximum permissible duration of the course is not exhausted.
